ABOUT MYSELF

HHello, I am Kao Tzu-Yuan, 23 years old, I have a cautious and responsible personality.

In university, I was first introduced to programming languages and developed an interest in them. After completing my military service, I began self-studying online, which further fueled my passion for this field. I made a firm decision to enter this domain and dedicated myself to mastering the technical skills needed to solve any problem.

While I may not have a background in computer science, I approach learning with curiosity and enthusiasm for all things, and I believe that I can leverage my strengths and excel in my chosen profession.

EDUCATION

National Chin-Yi University of Technology

Mechanical Engineering

2018 - 2022

EXPERIENCE

Kaoyi Precision Enterprise Co., Ltd.

CNC programming technician

Jul 2022 - Jan 2023

In this role, I once identified a coding error in the computer-generated code of a product, which, if executed, could have resulted in collisions. Due to my meticulous and careful nature, I successfully improved the company's product quality and reduced the rate of defective products. Additionally, my attention to detail in optimizing production paths contributed to enhanced production efficiency.
